Copies of the full text of the regulation and the economic impact statement may be obtained by contacting Deletria Nash. A summary of the regulation and its economic impact follows.

K.A.R. 40-4-35. In November of 1999, Congress amended Section 1882 of the Social Security Act, which governs Medicare Supplement Insurance. Prior to the 1999 amendments, the National Association of Insurance Commissioners model regulation governing minimum standards Medicare Supplement Insurance set the standard for state certification. However, the current federal standard consists of the National Association of Insurance Commissioners model regulation and new provisions that were added to the Social Security Act.

In 2000, the model regulation was amended, which incorporated many of the additions in the previously adopted version of this regulation.

Almost all of the amendments being proposed are changes that incorporate the 2000 amendments from the NAIC model regulation. The proposed amendment to K.A.R. 40-4-35 will increase the amounts of annual deductible in high deductible plans and should have little or no economic impact.

The other amendments are technical and should have no economic impact. Any additional regulatory responsibilities that these amendments could impose on the Insurance Department can be handled with present staff and budget. There is no economic impact on other state government entities or local government entities.

Department of Administration Division of Facilities Management

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Monday, December 30, in Room 106, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Department of Administration, Division of Facilities Management, on a permanent basis

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, 1000 S.W. Jackson, Suite 500, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (785) 296-6000 or TTY (785) 296-4798. The north entrance to the Landon State Office Building is accessible. Handicapped parking is located at the south end of building, across the street from the north entrance to the building, and on Ninth Street just around the corner from the north entrance.

Summaries of the proposed regulations and their economic impact follow.

Article 17

Article 17 of Department of Administration regulations establishes conditions and limitations on the use of state-owned or state-operated motor vehicles, including state vehicles that are managed by the central motor pool of the Division of Facilities Management, vehicles owned or leased by state agencies, and privately-owned vehicles used in the course of official state business.

The amendments to several regulations in Article 17 clarify and update the regulations to reflect current practices, improve the organization of the regulations in Article 17, and update the regulations to current regulatory and style requirements. Therefore, the proposed amendments to the following regulations are not substantive in nature: K.A.R. 1-17-6, Requests for state-owned or stateleased motor vehicles on a daily or trip basis; K.A.R. 1-17-7b, Written accident reports required (this regulation is proposed for revocation to eliminate redundancy, and its contents are combined with K.A.R. 1-17-18); K.A.R. 1-17-7c, Accident repairs; K.A.R. 1-17-8, Use rates and charges for motor pool vehicles; and K.A.R. 1-17-18, State-owned or state-operated motor vehicles; accident reporting requirements. Due to the cleanup nature of these amendments, they are not expected to have an economic impact on the Department of Administration, other state agencies, state employees, or the general pub-

K.A.R. 1-17-2, Same; use of state-owned or stateleased motor vehicles. Existing provisions of K.A.R. 1-17-2 bar passengers in state vehicles other than employees of the state or persons reasonably engaged in and accompanying the driver on official state business. Proposed amendments implement a policy in which operators of state vehicles are precluded from allowing a spouse, any family member or other member of the operator's household, or a personal friend to ride in the state vehicle unless that individual also is a state employee engaged in official state business as a function of that individual's employment with the state. The amendments provide an exception for the spouse of any elected state official when that person is accompanying the elected official on official state business. No identifiable economic impact on the Department of Administration, other state agencies, or state employees is expected. A few employees may elect to seek mileage reimbursement for driving a private vehicle on official state business rather than obtaining a state vehicle so that a spouse or other family member or friend can accompany them. However, the employee would then be reimbursed at the central motor pool rate, and therefore, the cost to the state agency should be

K.A.R. 1-17-5a, Permanently assigned vehicles, provides that special service vehicles may be permanently assigned to a state agency if they are specially equipped and are thereby rendered unusable for normal travel. Proposed amendments clarify that the special equipment must be permanently attached and provide that the secretary or a designee may inspect the vehicle to verify that the special equipment is reasonably needed. The secretary or a designee may withdraw the permanent assignment if the vehicle is found not to meet these requirements.

ments. No identifiable economic impact on the Department of Administration, other state agencies, or state employees is expected.

Proposed amendments to K.A.R. 1-17-7a, Agency responsibility for state-owned or state-leased vehicles, establish a surcharge of up to 10 percent on the rates charged to a state agency for use of state-owned or stateleased vehicles if the secretary determines that an agency has consistently or flagrantly violated K.S.A. 75-4601 et seg. or Article 17. The amendments also provide an appeal process through the office of administrative hearings, subject to review and final determination by the governor. Introduction of the surcharge may have an economic impact on the Department of Administration and any affected state agencies. However, it is not possible to estimate what increase, if any, there may be in motor vehicle use charges paid by state agencies through the surcharge. To the extent that the existence of the surcharge encourages state agencies to promptly address violations of state motor vehicle statutes or regulations, state agencies and the Department of Administration may realize a positive economic impact in the form of fewer miles driven, and lower repair and vehicle replacement costs.

Article 23

Article 23 of Department of Administration Regulations establishes the administrative standards and policies relating to the state's vanpool program. Proposed amendments to K.A.R. 1-23-2, Program administration, and K.A.R. 1-23-8, Accident reporting requirements, clarify and update the language of these regulations to reflect current practices, improve the organization of the regulations, and update their language to reflect current regulatory and style requirements. Therefore, the proposed amendments to these regulations are largely nonsubstantive in nature. In addition, K.A.R. 1-23-2 clarifies that approval of a new vanpool is subject to availability of a van assigned to the vanpool program. The proposed amendments to K.A.R. 1-23-2 and K.A.R. 1-23-8 will not have an economic impact on the Department of Administration, those individuals who participate in the vanpool program, or the general public as they reflect current policy and practice under the existing regulations.

Article 45

Article 45 of Department of Administration regulations establishes the conditions under which motor vehicles are authorized to park in state-owned and state-operated parking lots and garages in Shawnee County. All of the existing regulations (K.A.R. 1-45-1 through K.A.R. 1-45-17) are proposed for revocation, and their content is updated and reorganized in the following new regulations: K.A.R. 1-45-18, Definitions and application of regulations; K.A.R. 1-45-19, Application for a parking contract and issuance of a parking permit; K.A.R. 1-45-20, Parking permit required; K.A.R. 1-45-21, Parking fees; K.A.R. 1-45-22, Parking fees for state parking garage; K.A.R. 1-45-23, Parking restrictions; and K.A.R. 1-45-24, **Violations and enforcement.** The new regulations clarify and update the parking regulations to reflect current practices, improve the organization of the regulations, and update the regulations to current regulatory and style requirements.

In addition to these largely nonsubstantive differences between the revoked regulations and the new regulations that replace them, the proposed new regulations provide greater flexibility with respect to the form and method of displaying parking permits, and an existing provision in K.A.R. 1-45-2 that prohibits vehicles from parking by backing into a parking stall is not included in K.A.R. 1-45-23.

Finally, new regulation K.A.R. 1-45-24 implements the parking enforcement provisions in Sections 1 and 2 of L. 2002, Chapter 200, including issuance of parking tickets, imposition of administrative fines, and establishment of an administrative appeal process. The regulation establishes fines for violations of the parking regulations by vehicles parked in those parking locations at which parking is restricted to vehicles displaying a parking permit. The fines are \$15 for the first violation; \$25 for the second violation; \$50 for the third violation, plus mechanical immobilization of the vehicle; and \$100, plus removal of the vehicle, for subsequent violations. A second or subsequent violation is not deemed to have occurred on the same day if the vehicle continues in the same violation at the same location.

K.A.R. 1-45-24 also establishes fines for parking in visitor parking after the time on the meter expires or otherwise in violation of Article 45 regulations. The fine for the first violation is set at \$3. The fine for subsequent violations on the same day and at least two hours after the previous violation is established at \$10. Any person whose vehicle bears a parking permit and is parked in designated visitor parking will be subject to the fines established for parking locations at which parking is restricted to vehicles displaying a parking permit.

Persons paying the administrative fines established in K.A.R. 1-45-24 are not subject to the criminal penalties established in K.S.A. 75-4508(a). Any person who is assessed an administrative fine may submit an appeal in writing to the director within 10 days of the date on which the fine was assessed. An appeal review committee consisting of three individuals will consider the appeal. The appeal review committee may choose to affirm, modify, or vacate the fine. Written notice of the committee's decision is to be given within 30 days of the date that the appeal was received by the director.

In general, the new regulations are not anticipated to have any economic impact on the Department of Administration, other state agencies, state employees, or the general public. To the extent that these regulations assist in reducing parking violations, the number of available parking spaces in Shawnee County state parking facilities will be maximized. Maximizing parking spaces may have a positive economic impact on the Department of Administration, other state agencies, state employees, and the general public by reducing or delaying the need to acquire or build additional parking facilities and by increasing the accessibility of state facilities for state employees and the general public. Discouraging the parking of unauthorized vehicles in the lots should open spaces for state employees who are on the waiting list for a parking permit and for visitors to the Capitol Complex. Two aspects of the proposed new regulations in particular are expected to assist in reducing parking violations.

First, the proposed new regulations for Article 45 permit the issuance of parking permits in a wider range of forms other than a parking permit decal or sticker, including hang tags, electronic key cards, and other devices. This flexibility will allow the secretary to tailor the form of parking permits in order to reduce the potential for their misuse and to facilitate enforcement and, therefore, may assist in reducing parking violations. The minimal costs for different types of parking permits can be covered through existing parking fee schedules.

Second, K.A.R. 1-45-24 provides for administrative fines as an alternative to the minimal fine and misdemeanor charges already provided under K.S.A. 75-4508. Currently, under K.S.A. 75-4508(a) violators are assessed a \$5 fine for initial violations, with discretion to issue \$15 and \$50 fines for multiple violations. These fines are paid to the district court. Implementing administrative enforcement of the regulations with graduated fine levels for a specified number of multiple violations is anticipated to be a more effective enforcement mechanism than the penalties provided in K.S.A. 75-4508(a). Implementation of the administrative fine structure will provide a negligible amount of new revenue for the state general fund (SGF), estimated to be in the range of \$18,000 per year. However, 85 percent of each parking fine paid to the district court under the existing criminal provisions of K.S.A. 75-4508(a) is paid into the SGF. Therefore, only a negligible amount of the administrative fines paid into the SGF will represent new revenue.

Section 2 of L. 2002, Chapter 200 amended K.S.A. 75-4508 to provide that the Secretary of Administration is to assign responsibility for enforcement of parking violations under these regulations to CASP, the Department of Administration, or other personnel designated by the secretary. Currently, parking enforcement duties are administered by the Capitol Area Security Patrol (CASP) under a contract with the Department of Administration. Implementation of these regulations will expand the duties associated with parking enforcement to include tracking the number of violations per vehicle, tracking and crediting payments of administrative fines, and administering appeals of these administrative fines. The director of Facilities Management will appoint three individuals to act as an appeal committee, which must provide its determination within 30 days of the date the appeal is received by the director. The annual fee due to CASP in FY 2003 for the existing parking enforcement duties is \$46,471. The Secretary of Administration will assign responsibility for parking enforcement under these regulations in such a manner that the additional administrative duties can be implemented within these existing resources or at a lesser cost.

Unpaid fines will be placed in the debt setoff program under K.S.A. 75-6201 *et seq*. As a result, the Department of Administration's Division of Accounts and Reports and the Legal Section, which provides hearing officers for the setoff program, may have a minor increase in workload associated with the collection of unpaid parking fines.

Article 47

Article 47 of Department of Administration regulations establishes restrictions and limitations on vehicle traffic

on state-owned and state-operated property in Shawnee County, with the exception of certain locations identified in **K.A.R. 1-47-1**, **Applicability.** Proposed amendments to K.A.R. 1-47-1 simply update the list of exceptions to reflect changes in state-owned facilities in Shawnee County. These amendments will not have any economic impact on the Department of Administration, other state agencies, state employees, or the general public.

Article 49

Proposed amendments to K.A.R. 1-49-1, Personal conduct limitations and animal restrictions, update the list of state facilities that are covered by the regulations in Article 49 to include the Curtis State Office Building, the state office building located at 700 S.W. Harrison, and any other building located in Shawnee County that is operated by the Secretary of Administration. In addition, the language in subsection (c) that prohibits swimming or wading in the fountain of justice on the grounds of the Kansas Judicial Center is revised to apply to any fountain on the grounds of any building covered by Article 49. These amendments are not expected to have any economic impact on the Department of Administration, other state agencies, or the general public as they simply update the regulation.

Proposed new regulation K.A.R. 1-49-12, Smoking prohibited, prohibits smoking in any of the following locations: (1) in any of the buildings identified in K.A.R. 1-49-1; (2) in or near the exterior doorways of those buildings, except in any area designated as a smoking area by means of a posted sign; or (3) in any area designated as a nonsmoking area by means of a posted sign, on the grounds of those buildings. The proposed regulation provides a clear basis for addressing complaints regarding the presence of people smoking at the main entrances into the buildings and for the Capitol Police to direct smokers away from the main entrances of the buildings. Consequently, there could be an increase in the number of citations issued by Capitol Police under K.S.A. 75-4508 to individuals who smoke in areas not designated as smoking areas. However, the proposed regulation also provides sufficient flexibility to designate one or more smoking areas near each state facility covered by the regulation. Any costs to the Department of Administration associated with posting signs to designate smoking and nonsmoking areas and to provide appropriate smoking receptacles would be negligible and can be funded within existing resources.

Copies of the proposed regulations and the associated economic impact statements may be obtained from the Division of Facilities Management, Room 653-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612, (785) 296-5191.

Notice of Hearing of Proposed Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Wednesday, January 8, in the Tall Grass Conference Room on the third floor of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of amended solid waste regulations K.A.R. 28-29-3, 28-29-20 and 28-29-109, and the revocation of K.A.R. 28-29-101.

The amended regulations are proposed to be adopted on a permanent basis. A summary of the proposed amended regulations follows:

K.A.R. 28-29-3. Definitions. This regulation contains definitions of terms used in Article 29 solid waste regulations. It is proposed to be amended by incorporating the definitions pertaining to municipal solid waste landfills that are currently contained in K.A.R. 28-29-101 and by incorporating some definitions found in other solid waste regulations. New definitions for "active area," "licensed geologist" and "small arid landfill" have been added. The definition for "composting" has been revised to clarify the exclusion from regulation of manure piles for use on adjacent fields and yard waste that is directly applied to agricultural land. The definition of "operator" was modified to apply to all solid waste facilities, not just disposal facilities. The definitions of "run-off" and "runon" were defined more accurately and apply only to water that has not been in contact with solid waste. The definitions of "disturbed area" and "working face" have changed to match the definition of "active area." The definitions of "aquifer" and "unit" were expanded to provide clarification.

The following definitions from 28-29-101 are not included in 28-29-3 for the reasons listed below:

"Department" defined in statute
"Earth liners" no longer used in the
solid waste regulations
"Land application unit" no longer used in the
solid waste regulations
"Municipal solid waste" defined in statute
"Person" defined in statute
"Settlement" the dictionary definition suffices
"Waste pile" no longer used in the
solid waste regulations

Other nonsubstantive changes were made to improve the organization and clarity of the definitions.

K.A.R. 28-29-20. Restrictive covenants and easements. Over the past five years, the secretary's authority to approve solid waste disposal without a permit has been expanded through K.S.A. 65-3407c. In specific circumstances the following types of waste may be granted approval for disposal without a permit: illegally dumped waste, demolition waste, waste from transportation accidents, livestock carcasses and waste resulting from natural disasters.

This regulation currently states that the owner of a permitted solid waste disposal area may be required by the

secretary of the Kansas Department of Health and Environment to execute and file a restrictive covenant and/or easement for the disposal area. KDHE proposes to amend K.A.R. 28-29-20 to state that the secretary may require restrictive covenants for unpermitted solid waste disposal areas that have been approved for disposal without a permit under K.S.A. 65-3407c.

Other nonsubstantive changes were made to improve the organization and clarity of this regulation.

K.A.R. 28-29-101. Definitions. This regulation is proposed to be revoked; the definitions that are still in use will be incorporated into K.A.R. 28-29-3.

K.A.R. 28-29-109. Special waste. Special waste is solid waste that presents management concerns and requires special management standards for handling or disposal. Before this type of waste can be disposed of in a solid waste landfill, the generator of the waste must obtain a disposal authorization from KDHE. When the regulation governing special waste was written, it included a provision to allow approved landfills to accept certain predetermined classes of special waste without individual disposal authorizations from KDHE.

This regulation is proposed to be amended by deleting the sections of the regulation that refer to predetermined classes of special waste. No landfill has used the provisions of this regulation that allow a landfill to accept predetermined classes of special waste without individual disposal authorizations. KDHE proposes simplifying the regulation by removing these provisions.

Other nonsubstantive changes were made to improve the organization and clarity of this regulation.

These proposed amended solid waste regulations may have the following estimated economic impacts:

K.A.R. 28-29-3. Definitions. The proposed amendments will not add any additional costs to the regulated community.

K.A.R. 28-29-20. Restrictive covenants and easements. Each person who owns land on which disposal without a permit is approved under K.S.A. 65-3407c may be required by the secretary to execute and file a restrictive covenant. In the year 2001, 19 approvals for disposal without a permit were issued by the department. The estimated cost to have a survey performed for the restrictive covenant is \$1000. Depending on the location method chosen, the cost may be significantly less than this. The filing cost of the average restrictive covenant is \$10. [(19 covenants/year)(\$1010/covenant) = \$19,190/year]

K.A.R. 28-29-101. Definitions. The proposed revocation will not add any additional cost to the regulated community.

K.A.R. 28-29-109. Special waste. The proposed amendments will not add any additional costs to the regulated community.

The time period between publication of this notice and the scheduled hearing serves as the required public comment period of at least 60 days for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to George McCaskill, De-

(continued)

partment of Health and Environment, Bureau of Waste Management, 1000 S.W. Jackson, Suite 320, Topeka, 66612-1366, (785) 296-1606. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and regulatory impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting George McCaskill at (785) 296-1606, fax (785) 296-8909.

Complete copies of the regulations and the corresponding regulatory impact statement may be obtained by contacting the Bureau of Waste Management, 1000 S.W. Jackson, Suite 320, Topeka, 66612-1366, (785) 296-1606, or on the BWM Web site at www.kdhe.state.ks.us/waste.

The second part consists of four "GAME CARDS" each containing 23 numbers, a "FREE" space in the center of each "GAME CARD," and a "DBL" doubler symbol, for a total of 25 spots. The "GAME CARDS" are each covered by translucent blue scratch-off.

For this version of Bingo, a "DBL" symbol will appear at random in each of the four "GAME CARDS." It will act as a free space and if it is included in any winning pattern, the corresponding prize won is doubled.

A player removes the scratch-off material from the areas on the ticket indicated by the words "CALLER'S CARD" and "BONUS NUMBERS" to reveal a total of 30 "Doubler Bingo" letter/number combinations. A player wins by matching the "CALLER'S CARD" and "BONUS NUMBERS" to the numbers on the four "GAME CARDS." If the player finds a diagonal, vertical, or horizontal straight line, or four corners of the grid, or an "X" pattern, the player wins a prize according to the prize legend beside the respective "GAME CARD." If a "DBL" symbol appears in a winning pattern, the prize is doubled.

111-5-24. Game description; retail sale of tickets. (a) "Powerball" is a five out of 53 plus one out of 42 online lottery game which pays the grand prize, at the election of the player made in accordance with the rules or by a default election made in accordance with these rules at the time of play purchase, either on an annuitized parimutuel basis, or as a cash lump sum payment of the total cash held for this prize on a parimutuel basis. Except as provided in these rules, all other prizes are paid on a set cash basis. To play "Powerball" a player shall select five different numbers from one to 53 and one additional number from one to 42 for input into a terminal. The additional number may be the same as one of the first five numbers selected by the player.

- (b) A "Powerball" game ticket shall sell for one dollar.
- (c) Tickets shall not be sold to any person under the age of 18 years. Each retailer may require a person purchasing tickets to produce proof of age.
- (d) Each ticket shall be purchased from a terminal operated by a retailer. The player may select a set of five numbers and one additional number by:
 - (1) communicating the six numbers to the retailer;
- (2) marking six numbered squares in any one game board on a play slip and submitting the play slip to the retailer; or
- (3) requesting a "computer pick" or "quick pick" from the retailer.

If available at the time, a player may choose the multiplier option by marking the appropriate box on the play slip or by communicating to the retailer the desire to play the multiplier option. If the multiplier option is chosen, it shall apply to all boards played on that play slip. For each play upon which the multiplier option is chosen, the player shall pay one additional dollar. The retailer shall then issue a ticket from the terminal containing the selected set or sets of numbers, each of which constitutes a game play, and if applicable, whether or not the multiplier option has been chosen for all plays on that play slip.

- (e) A validated ticket shall be the only proof of a game play or plays. The only method of claiming a prize or prizes shall be the submission of the winning ticket to and receipt of the ticket by the lottery or its authorized agent. A play slip shall have no pecuniary or prize value and shall not be used as evidence of a ticket purchase or of numbers selected.
- (f) A ticket shall not be voided or cancelled by returning the ticket to the selling retailer, including tickets that are printed in error.
- (g) Ticket sales will end at approximately 8:59 p.m. central time on Wednesdays and Saturdays and will resume at approximately 9:05 p.m.
- (h) Drawings will be conducted twice weekly, on Wednesdays and Saturdays at approximately 9:58 p.m. central time (CT), after the game is closed at approximately 8:59 p.m. central time (CT) and the external auditor has verified that the game is closed, under conditions and procedures promulgated by the executive director of the lottery.
- (i) Each player shall be responsible for verifying the accuracy of the game play or plays and other data printed on the ticket. The placing of plays is done at the player's own risk through the on-line retailer who is deemed to be acting on behalf of the player in entering the play or plays.
- (i) These amendments shall take effect October 6, 2002. (Authorized by K.S.A. 2001 Supp. 74-8710; implementing K.S.A. 2001 Supp. 74-8710 and 74-8718; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-3-24-92, March 20, 1992; amended, T-111-5-21-92, May 15, 1992; amended, T-111-10-27-97, Sept. 12, 1997; amended, T-111- 1-21-99, Jan. 15, 1999; amended, T-111-3-14-01, Feb. 16, 2001; amended, T-111-10-15- 02, Sept. 13, 2002.)
- **111-5-26.** Expected prize payout pari-mutuel prizes. (a) The grand prize shall be determined on a pari-mutuel basis. Except as provided in these rules, all other prizes awarded shall be paid as set cash prizes with the following expected approximate prize payout percentages:

Number of Matches Per Play	Prize Payment	Prize Pool Percentage Allocated to Prize
All five (5) of first set plus		
one (1) of second set	Grand Prize	65.3378%
All five (5) of first set		
and none of second set	\$100,000	6.8035%
Any four (4) of first set plus		
one (1) of second set	\$5,000	1.9913%
Any four (4) of first set		
and none of second set	\$100	1.6328%
Any three (3) of first set plus		
one (1) of second set	\$100	1.8718%

Any three (3) of first set		
and none of second set	\$7	5.3720%
Any two (2) of first set plus		
one (1) of second set	\$7	2.0090%
Any one (1) of first set		
and one (1) of second set	\$4	6.4577%
None of first set plus		
one (1) of second set	\$3	8.5241%

- (b) The prize money allocated to the grand prize category shall be divided equally by the number of game boards winning the grand prize.
- (c) The prize pool percentage allocated to the set prizes (the cash prizes of \$100,000 or less) shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw. If the total of the set prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the set prizes, then the amount needed to fund the set prizes awarded shall be drawn from the following sources, in the following order: (1) the amount allocated to the set prizes and carried forward from previous draws, if any; (2) an amount from the prize reserve account, if available, not to exceed thirty million dollars (\$30,000,000) per drawing. If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded, then the highest set prize shall become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set prize shall become a pari-mutuel prize. This procedure shall continue down through all set prize levels, if necessary, until all set prize levels become pari-mutuel prize levels. In that instance the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages.
- (d) For each drawing when the grand prize annuity is projected to reach a new record level, increases in the amount of the grand prize shall be limited to no more than \$25,000,000. All money allocated to the grand prize pool not necessary to fund said maximum \$25,000,000 increase shall instead be allocated to the match five of 53 prize level prize pool. At such time as one or more boards entitle the holder(s) to win the grand prize, all boards selected in the same drawing that entitle the holder(s) to win a match five of 53 prize shall win \$100,000, plus a pari-mutuel share of all accumulated additional money allocated hereinabove to the match five of 53 prize level. This additional prize shall be known as the match 5 bonus.
- (e) If the match 5 bonus has been funded, the prize pool percentage allocated to the grand prize will be less than stated above, and the prize pool percentage allocated to the match five of 53 prize will be greater than stated above.
- (f) If in the drawing wherein the match 5 bonus has been funded and one or more boards did not match five of 53 numbers, then the match 5 bonus prize pool shall be divided on a pari-mutuel basis between all boards matching the numbers for the four of 53 plus one of 42 prize level.

(continued)

(g) These amendments shall take effect October 6, 2002. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-10-27-97, Sept. 12, 1997; amended, T-111-10-15-02, Sept. 13, 2002.)

111-5-27. Probability of winning. (a) The following table sets forth the probability of winning and the probable distribution of winners in and among each prize category based upon the total number of possible combinations in Powerball:

(b) The following table sets forth the probability of each multiplier number being drawn in those games where the multiplier option is available for play:

Multiplier Option	Probability of Selection
2	1:5
3	1:5
4	1:5
5	1:2.5

If the multiplier option is played, the prize won on that play, except for the grand prize and match 5 bonus prize, shall be multiplied by the multiplier option number selected for that game.

- (c) The grand prize amount is estimated using a 30-year deferred-payment factor of 2.0. The amount does not include the prize reserve account deduction or any other deductions, if any.
- (d) These amendments shall take effect October 6, 2002. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-3-5-92, Feb. 21, 1992; amended, T-111-3-24-92, March 20, 1992; amended, T-111-10-27-97, Sept. 12, 1997; amended, T-111-3-14-01, Feb. 16, 2001; amended, T-111-10-15-02, Sept. 13, 2002.)

111-5-28. Prize payments; annuitized and cash prizes. (a) Grand prizes shall be paid, at the election of the player made no later than 60 days after the player becomes entitled to a prize with either a per winner annuity or cash payment. If the payment election is not made at the time of purchase and is not made by the player within 60 days after the player becomes entitled to the prize, then the prize shall be paid as an annuity prize. An election for an annuity payment made by a

player before ticket purchase or by system default or design may be changed to a cash payment at the election of the player until the expiration of 60 days after the player becomes entitled to the prize. The election to take the cash payment may be made at the time of the prize claim or within 60 days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn or otherwise changed. Shares of the grand prize shall be determined by dividing the cash available in the grand prize pool equally among all winners of the grand prize. Winner(s) who elected a cash payment shall be paid their share(s) in a single cash payment. The annuitized option prize shall be determined by multiplying a winner's share of the grand prize pool by the MUSL annuity factor. The MUSL annuity factor is determined by the best total securities price obtained through a competitive bid of qualified, pre-approved brokers made after it is determined that the prize is to be paid as an annuity prize or after the expiration of 60 days after the winner becomes entitled to the prize. Neither MUSL nor the party lotteries shall be responsible or liable for changes in the advertised or estimated annuity prize amount and the actual amount purchased after the prize payment method is actually known to MUSL. In certain instances announced by the product group, the grand prize shall be a guaranteed amount and shall be determined pursuant to subsection (f) of K.A.R. 111-5-28. If individual shares of the cash held to fund an annuity are less than \$250,000, the product group, in its sole discretion, may elect to pay the winners their share of the cash held in the grand prize pool of the annuity. All annuitized prizes shall be paid annually in 30 equal payments with the initial payment being made in cash, to be followed by 29 payments funded by the annuity. Funds for the initial payment of an annuitized prize shall be made available by MUSL for payment by a party lottery by the fifteenth calendar day following the drawing. A state may elect to make the initial payment from its own funds after validation, with notice to MUSL.

- (b) In the event of the death of a lottery winner during the annuity payment period, the product group, in its sole discretion, upon the petition of the estate of the lottery winner to the Kansas lottery, may accelerate the payment of all of the remaining lottery proceeds to the estate. If the product group makes such a determination, then securities and/or cash held to fund the deceased lottery winner's annuitized prize, may be distributed to the estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the product group.
- (c) All low tier cash prizes, which are all prizes except the grand prize, shall be paid in cash through the party lottery which sold the winning ticket(s). A party lottery may begin paying low-tier cash prizes after receiving authorization to pay from the MUSL central office.
- (d) Annuitized payments of the grand prize or a share of the grand prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized grand prize win shall be added to the first cash payment to the winner or winners. Prizes other than the grand prize, which, under these rules, may become single-payment, pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole

dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

- (e) If the grand prize is not won in a drawing, the prize money allocated for the grand prize shall roll over and be added to the grand prize pool for the following drawing.
- (f) The product group may offer guaranteed minimum grand prize amounts or minimum increases in the grand prize amount between drawings or make other changes in the allocation of prize money where the product group finds that it would be in the best interest of the game. If a minimum grand prize amount or a minimum increase in the grand prize amount between drawings is offered by the product group, then the grand prize shares shall be determined as follows. If there are multiple grand prize winners during a single drawing, each selecting the annuitized option prize, then a winner's share of the guaranteed annuitized grand prize shall be determined by dividing the guaranteed annuitized grand prize by the number of winners. If there are multiple grand prize winners during a single drawing and at least one of the grand prize winners has elected the annuitized option prize, then the best bid submitted by MUSL's pre-approved qualified brokers shall determine the cash pool needed to fund the guaranteed annuitized grand prize. If no winner of the grand prize during a single drawing has elected the annuitized option prize, then the amount of cash in the grand prize pool shall be an amount equal to the guaranteed annuitized amount divided by the average annuity factor of the most recent three best quotes provided by MUSL's pre-approved qualified brokers submitting quotes. In no case, shall quotes be used which are more than two weeks old and if less than three quotes are submitted, then MUSL shall use the average of all quotes submitted. Changes in the allocation of prize money shall be designed to retain approximately the same prize allocation percentages, over a year's time, set out in these rules. Minimum guaranteed prizes or increases may be waived if the alternate funding mechanism set out in K.A.R. 111-5-26 becomes necessary.
- (g) The holder of a winning ticket may win only one prize per board in connection with the winning numbers drawn, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

- **111-5-33. Multi-Draw.** (a) In addition to a single play for each \$1.00, a player may also have his or her selections entered in multiple drawings. Multi-draw tickets must be purchased for consecutive drawings beginning with the next drawing. This is done by marking one of the multi-draw boxes designated by 2, 3, 4, 5, 6, 7, 8, 9, 10, or 15 on the play slip. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-10-15-02, Sept. 13, 2002.)
- **111-7-185.** Certification of drawings. - (b) Upon completion of each drawing, the security official and the event manager shall issue a report to the executive director, certifying that the name of each prize winner is correct, and that to the best of their knowledge the procedures required by these rules were followed in selecting the prize winner. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-10-15-02, Sept. 13, 2002.)
- **111-7-186.** Selection of winners. The following process shall be used for the selection of winners in the "Cruisin' with Keno Drawings":
- (a) Kansas lottery personnel shall pick up all mail containing "Cruisin" with Keno Drawings" entries at the United States Post Office in Topeka, Kansas, with final pick up on the Tuesday immediately prior to each drawing.

- (b) Lottery personnel shall transport the mail to the mail room where the envelopes will be opened and the entries contained therein stored in a secure location until immediately prior to the drawing, at which time all entries will be placed into the drawing receptacle or drum.
- (c) Each drawing shall be held at the lottery headquarters in a place accessible to the public and open for public attendance with lottery security personnel present. The drawing shall be audio and video taped.
- (d) At the start of each Friday drawing, lottery security personnel shall present the receptacle or drum to the person designated by the executive director to perform the drawing. The receptacle or drum for the said drawings shall contain all eligible entries. The entries shall be thoroughly mixed prior to the entries actually being drawn. The designated individual shall then unseal the receptacle or drum, and using the bare-arm technique, while looking away, remove one entry from the receptacle or drum and mark it in such a way as to identify it as the winning entry for that drawing. The person whose name appears on each of the entries shall be the winner of the prize identified in K.A.R. 111-7-183, subject to validation by the lottery as set forth in these rules.
- (e) After one entry has been drawn and entry has been verified as valid by lottery security, two more entries will be drawn, one at a time, to serve as alternate entries. The alternate entries will be marked in order drawn, 1A and 2A. The alternate ticket entries will be used only if the original winner cannot be located or is declared ineligible, or fails to present a fully-executed claim form to lottery headquarters by 5:00 p.m. of the forty-fifth day following the drawing. The alternates will be used, if necessary, in the order drawn.
- (f) The Kansas lottery security official present shall review each entry drawn to determine the validity of the entry into the said drawing in accordance with these regulations. If it is a valid entry and the information is legible, the event manager and the security person present shall record the name of the winner and each alternate. Each winner shall be given or sent a prize claim form to be completed and returned, and received by, the lottery within 45 days of the drawing.
- (g) If any entry is determined to be ineligible, it shall be discarded by the security person present and another entry drawn. This procedure will be repeated until valid selections are obtained.
- (h) All entries not drawn in the first three drawings shall remain in the drum or receptacle and shall be eligible for all subsequent drawings herein.
- (i) Entries remaining in the drum or receptacle after the final drawing has been completed and all entries not received in compliance with these rules shall be destroyed pursuant to K.A.R. 111-3-34. (Authorized by and implementing K.S.A. 2001 Supp. 74-8710; effective, T-111-10-15-02, Sept. 13, 2002.)
